

# CRW Medical Transportation

Medical Transportation Reporting (MTR) is a Health Center System for tracking appointments, booking Van and Plane Transportation, Travel Accommodation, and Expense Tracking. The system provides Local, Provincial, and 21 Elements Reports for National Statistics. The database system is run only at your Healthcare Center

## Local Trips:

Van trips to and from the Health Center can be scheduled daily for the drivers. An Appointment Calendar is available for a day, week or a month.

**Trips, Accommodation & Meals:** Confirmation slips for patients and escorts, Itineraries & Vouchers needed for the trip can be created. Travel Advances can be handled through Cheque Requisitions or Cheques created by the system.

## Reporting:

FNIHB monthly and quarterly reports such as the Detailed Trip Analysis and the 21 Element National Stats Reports are emailed directly from system. Various other reports are available.
